

INDEPENDENT AUDITORS' REPORT**To the Members of SAIL Bansal Service Centre Limited****Report on the Audit of Financial Statements****Opinion**

We have audited the accompanying Financial Statements of **SAIL Bansal Service Centre Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021, and the Statement of Profit and Loss (including other Comprehensive Income), Statement of Changes in Equity and Statement of Cash flows for the year then ended, and Notes to the Financial Statements, including a summary of significant accounting policies and Other Explanatory Notes for the year ended on that date (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting prescribed under section 133 of the Act read with the companies (Indian Accounting Standards) Rules,2015, as amended, ("Ind AS") and the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditors' Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and but does not include the financial statements and our auditors' report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement therein; we are required to report that fact.

We have nothing to report with respect to the above.

Responsibilities of the Management and those charged with governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), Profit or Loss (financial performance including other comprehensive income), Changes in Equity and Cash Flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further our comments in the annexure referred to in the para above, as required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), and the Cash Flow Statement dealt with by this Report are in agreement with relevant the books of account;

- d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Accounts) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal control with reference to financial statements; and
3. With respect to the matter to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- I. The Company does not have any pending litigation having material impact on the financial position of the company which have not been disclosed in the financial statement as required in terms of the accounting Standards and provisions of the Companies Act, 2013;
 - II. The Company did not have any material foreseeable losses against long-term contracts, including derivative contracts and thereby requirement for making provision in this respect is not applicable to the company;
 - III. There are no amounts to be transferred to the Investor Education and Protection Fund by the Company.
4. With respect to the reporting under section 197(16) of the Act to be included in the Auditors' Report, In our opinion and according to the information and explanations given to us, no Remuneration including Directors fee has been paid by the Company to its Directors. Accordingly provisions of section 197 are not applicable to the Company.

SAIL Bansal Service Centre Limited

"Annexure A" To the Auditor's Report of even date:

- i)
 - a. The Company has maintained proper records showing full particulars, including quantitative details and situations of property, plant and equipment.
 - b. All Property, Plant and equipment have been physically verified by the Management during the year, which in our opinion is reasonable having regard to the size of the company and the nature of its business. As informed, no material discrepancies were noticed on such verification.
 - c. According to the information and explanations given to us, and on the basis of our examination of the records of the company in respect of immovable properties taken on lease, the lease agreements are in the name of the Company.
- ii) As explained to us, inventories have been physically verified during the year at reasonable intervals by the management. As far as ascertained, discrepancies noticed on verification between the physical stocks and the book records were not material and the same has been properly dealt with in the books of account.
- iii) The Company has not granted any loans secured or unsecured to companies, firms, limited liability partnership or other parties covered in the register maintained under Section 189 of the Act. Accordingly, clause 3 (iii) of the Order is not applicable to the Company.
- iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans and investments, guarantee and security made.
- v) The Company has not accepted any deposits during the year and does not have any unclaimed deposits as at March 31, 2021 from public covered under Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder.
- vi) According to the information and explanation given to us, the Central Government has not prescribed for maintenance of cost records under section 148(1) of the Act and therefore clause 3(vi) of the Order is not applicable to the Company.
- vii)
 - a. According to the information and explanations given to us, during the year, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Goods and Services Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material statutory dues as applicable to it. However, according to the information and explanations given to us, there is no undisputed amounts payable in respect of these which were in arrears as on March 31, 2021 for a period of more than six months from the date they became payable.
 - b. According to the information and explanations given to us, there are no disputed amounts of Service Tax, Sales Tax, Income Tax, Duty of Customs, wealth tax, Duty of Excise, and Value added Tax that have not been deposited as on March 31, 2021 on account of dispute.
- viii) As explained, the Company does not have any loan or borrowing from banks, any financial institution, governments or any dues to debenture holders.
- ix) In our opinion and according to the information and explanations given to us, the company did not raise any money by way of initial public offer or further public offer (including debt instruments) or term loans during the year.

- x) During the course of our examination of books of account carried out during the year in accordance with generally accepted auditing practices in India, we have neither come across incidence of any material fraud during the year by the Company or on the Company by the officers and employees nor have we been informed of any such cases by the management.
- xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not paid/provided for managerial remuneration during the year. Accordingly, paragraph 3(xi) of the Order is not applicable to the Company.
- xii) In our opinion and on the basis of information and explanations given to us, the Company is not a Nidhi company and hence reporting under paragraph 3(xii) of the Order is not applicable to the Company.
- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial statements as required by the applicable accounting standards.
- xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3 (xiv) of the Order is not applicable to the Company.
- xv) According to the information and explanations given to us and as represented to us by the management and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph ii (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of SAIL Bansal Service Centre Limited ("the Company") as at March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act,

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

29 Contingent Liabilities and commitments (to the extent not provided for):

29.1 Contingent Liabilities

The Company has no pending litigation with respect to claim against the company and proceedings pending with tax/statutory/Government Authorities.

29.2 Capital Commitment- Rs. Nil(Previous year- Rs. Nil)

30 Disclosure as required by Indian Accounting Standard (Ind AS) 37 Provisions, Contingent Liabilities and Contingent Assets

Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. During the normal course of business, unresolved claims remains outstanding. The inflow of economic benefits, in respect of such claims cannot be measured due to uncertainties that surround the related events and circumstances.

31 Disclosures for leasing arrangements

Treatment of Leases as per Ind AS 116 :

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

The Company has applied the following practical expedients on initial application of Ind AS 116:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- Excluded the initial direct costs, if any from the measurement of the right-of-use asset at the date of recognition of right-of-use asset.
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.
- The weighted average incremental borrowing rate applied to leases recognised during FY 2020-21 is 10.00%.

31.1 Nature of lease: The Company's significant leasing arrangements is in respect of Land and Premises for offices on lease which are not non-cancellable and are usually renewable on mutually agreeable terms

31.2 The Company has incurred Rs. 3.00 Lakhs and 3.51 Lakhs for the year ended March 31, 2021 and March 31, 2020 respectively towards rental expenses relating to short term leases and leases of low value assets. The total cash outflow for leases is Rs. 3.00 Lakhs and 3.51 Lakhs for the year ended March 31, 2021 and March 31, 2020 respectively.

31.3 The following is the movement in lease liabilities:

Particular	In Rs lakh

Balance as at the beginning of the year	25.69	-
Add: Additions	-	23.36
Add: Finance costs accrued during the year	2.33	2.33
Less: Deletions	-	-
Less: Payment of lease liabilities during the year	-	-
Balance as at the end of the year	28.02	25.69

31.4 The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

Particular	In Rs lakh	
	As at March 31, 2021	
Less than one year	4.80	
One to Five year	13.18	
More than five years	25.17	
Total	43.15	

32 Earnings Per Share

Particulars	For the year ended	
	March 31, 2021	March 31, 2020
Profit after Tax for Basic & Diluted Earnings Per Share (Rs. in Lakh)	54.33	36.28
Number of Equity Shares (Nos):		
(i) Weighted average number of equity shares outstanding during the period	8,000,000	8,000,000
(ii) Dilutive Potential Equity shares	Nil	Nil
Nominal value per equity share (Rs.)	10	10
Earnings per share of Equity share of Rs.10 each (in Rs.) - Basic (a/b(i))	0.68	0.45
Earnings per share of Equity share of Rs.10 each (in Rs.) - Diluted (a/b(ii))	0.68	0.45

33 Segment Reporting

The company is engaged primarily in the business of "processing and trading of steel" and all other activities are incidental thereto. Therefore, according to the management this is the only operating business segment as envisaged in "Ind AS 108-Operating Segments". Thus, no separate segment information is disclosed for primary business segment.

Sail Bansal Service Centre Limited
Explanatory notes to the financial information as at March 31, 2021

34 Employee Benefits

As per Indian Accounting Standard 19 "Employee Benefits" (Ind AS - 19), the disclosures of Employee Benefits are given below:

i) Defined Contribution Plans

Contribution to Defined Contribution Plan, recognized for the year are as under :

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020	In Rs lakh
Employer's Contribution to Provident Fund	3.58		3.48

ii) Defined Benefit Plans

The Company has defined benefit plan comprising of gratuity. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit (PUC) actuarial Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Particular	Refer Note No.	In Rs lakh	
		Gratuity (unfunded) 2020-21	Gratuity (unfunded) 2019-20
A. Change in fair value of Defined Benefit Obligation :			
Present Value of Defined Benefit Obligations as at the beginning of the year			
Current Service Cost		23.64	18.89
Interest Cost		1.68	1.51
Benefit Paid		1.59	1.45
Actuarial (Gain) / Losses		-	-
Present Value of Defined Benefit Obligations as at the end of the year		26.56	1.78
B. Reconciliation of Present value of Defined Benefit Obligation and the Fair Value of Assets:			
Present Value of Defined Benefit Obligations as at the end of the year		26.56	23.64
Liability (Assets) recognized in the Balance Sheet		26.56	23.64
C. Components of Defined Benefit Cost			
Current Service Cost		1.68	1.51
Interest Cost		1.59	1.45
Expected Return on Plan Assets		-	-
Net Actuarial (Gain)/ Loss on remeasurement recognized in OCI		(0.35)	1.78
Total Defined Benefit Cost recognized in the Statement of Profit and Loss and OCI		2.92	4.75

D. Principal Actuarial Assumptions used	6.80%	6.80%
Discounted Rate (per annum) Compound	NA	NA
Expected Rate of return on Plan Assets	NA	NA

Experience History	20-21	2019-20	2018-19	2017-18	2016-17
E. Net Assets/(Liability) recognized in Balance Sheet (including experience adjustment impact)					
Present Value of Defined Benefit Obligations			18.89	22.68	20.30
Fair value of Plan Assets	26.56	23.64	18.89	22.68	20.30
Status [Surplus/(Deficit)]					
Experience Adjustment on Plan Assets [Gain/(Loss)]	26.56	23.64	18.89	22.68	20.30
Experience Adjustment on Obligation [Gain/(Loss)]					

	In Rs lakh			
	March 31, 2021		March 31, 2020	
	Amount / Impact on Increase	Amount / Impact on Decrease	Amount / Impact on Increase	Amount / Impact on Decrease
%Change Compared to base due to sensitivity Discount Rate (-/+ 0.5%)	25.49	27.70	22.59	24.75
%Change Compared to base due to sensitivity Salary Growth (-/+ 0.5%)	-4.05%	4.29%	-4.42%	4.70%
%Change Compared to base due to sensitivity Attrition Rate (-/+ 0.5%)	4.26%	25.49	24.74	22.59
%Change Compared to base due to sensitivity Mortality Rate (-/+ 10%)	26.57	26.56	4.67%	-4.44%
%Change Compared to base due to sensitivity	0.03%	-0.03%	23.64	23.64
	-	-	0.03%	-0.03%
	0.00%	0.00%	0.00%	0.00%

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

35 Related Party Transactions

Related party disclosure as identified by the management in accordance with the Indian Accounting Standard (Ind AS) 24 on "Related Party Disclosures" are as follows:

35.1 Parent entity

The Company is jointly controlled by the following entities:

Name	Type	Place of incorporation	Ownership interest as at	
			March 31, 2021	March 31, 2020
BMW Industries Limited(BMW)	Immediate and ultimate parent entity	India	60%	60%
Steel Authority of India Limited(SAIL)	Joint Venturer	India	40%	40%

35.2 Nature of Transaction with the related parties referred to in serial no. (35.1) above:

Nature Of Transactions	Refer Note No.	In Rs lakh	
		For the year ended March 31, 2021	For the year ended March 31, 2020
(a) Sale of Services SAIL			
(b) Recovery of Transportation Charges SAIL	35.2.1	90.15	79.80
(c) Purchase BMW	35.2.1	27.30	25.16
(d) Receipt/ (Repayment / Adjustment) of loan with balance with other supplier BMW		-	4.00
35.2.1 Excludes Goods and Service Tax		(109.25)	(85.00)

35.3 Balances of Related parties is as follows:

Particulars	Refer Note No.	In Rs lakh	
		As at March 31, 2021	As at March 31, 2020
(a) Outstanding Balances (Receivables) -Debtors SAIL			
(b) Outstanding Balances (Payable) -Unsecured Loan BMW		16.40	11.27
-Trade Payable BMW		98.85	208.10
			0.62

35.3.1 The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year end are unsecured and interest free and settlement occurs in cash. The Company has not provided any guarantee to related parties towards their borrowing facilities. For the year ended March 31, 2021, the Company has not recorded any impairment allowances in respect of receivables relating to amounts owed by related parties (March 31, 2020 Rs. NIL). This assessment is undertaken each financial year by examining the financial position of the related party and the market in which the related party operates.

35.4 The above related party information is as identified by the Management and relied upon by the auditors.

36 FINANCIAL INSTRUMENTS

The accounting classification of each category of financial instrument, their carrying amount and fair value are as follows :-

Particulars	As at March 31, 2021		As at March 31, 2020		As at March 31, 2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial Assets (Current and Non-Current)						
Financial Assets measured at Amortised Cost						
Trade Receivables	49.64	49.64	32.10	32.10	66.10	66.10
Cash and cash equivalents	15.70	15.70	14.39	14.39	23.24	23.24
Loans	0.20	0.20	0.15	0.15	-	-
Other Financial Assets	4.53	4.53	3.77	3.77	-	-
Financial Liabilities (Current and Non-Current)						
Financial Assets measured at Amortised Cost						
Borrowings	98.85	98.85	208.10	208.10	367.56	367.56
Trade Payables	27.80	27.80	23.96	23.96	33.76	33.76
Other Financial Liabilities	7.37	7.37	4.92	4.92	6.32	6.32

36.1 Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values :

The fair value of cash and cash equivalents, trade receivables and payables, current financial liabilities and assets and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values.

The non current financial assets represent security deposits given to government authorities and for the purpose of day-to-day utilities of the Company and therefore the need of fair valuation does not arise in such a case.

A portion of the company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Fair value of variable interest rate borrowings approximates their carrying value subject to adjustments made for transaction cost.

36.2 FINANCIAL RISK FACTORS

The Company's activities are exposed to a variety of financial risks. The key financial risks include market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors reviews and approves policies for managing these risks. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

36.3 MARKET RISK

Market risk is the risk or uncertainty arising from possible market fluctuations resulting in variation in the fair value of future cash flows of a financial instrument. The major component of Market risk for the Company is interest rate risk. Financial instruments affected by market risk are borrowings.

36.4 Interest Rate Risk

The company's exposure in market risk relating to change in interest rate primarily arises from floating rate borrowing with banks.

With all other variables held constant, the following table demonstrates the impact of the borrowing cost on floating rate portion of loans and borrowings.

Nature of Borrowing	Increase in basis points	For the year ended March 31, 2020	For the year ended March 31, 2020
Rupee Loan	+0.50	-	-
A decrease in 0.50 basis point in Rupee Loan would have an equal and opposite effect on the Company's financial statements			

36.5

CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for all the customers.

The carrying amount of unsecured trade receivables disclosed in Note 6 represents the Company's maximum exposure to credit risk. Of the trade receivables balance at the end of the year, balance due to SAIL, the joint venturer accounted for more than 10% of the accounts receivable and 10% of the revenue as at March 31, 2021 and March 31, 2020 respectively.

Financial assets that are neither past due nor impaired

Cash and cash equivalents are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

Financial assets that are past due but not impaired

Trade receivables amounts that are past due at the end of the reporting period against which no credit losses has been expected to arise.

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements at all times. The company relies on funding from Holding Company and internal accruals to meet its fund requirement.

Liquidity and interest risk tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows as at balance sheet date:

LIQUIDITY RISK

Particulars	Total Borrowings at unamortised cost	In Rs lakh			Weighted average interest rate (%)	In Rs lakh
		Fixed Rate Borrowings at unamortised cost	Floating Rate Borrowings at unamortised cost	Interest free borrowings at unamortised cost		
As at Mar 31, 2021	98.85	-	-	98.85	-	
As at Mar 31, 2020	208.10	-	-	208.10	-	

Maturity Analysis of Financial Liabilities

As at March 31, 2021

Particulars	Carrying Amount at unamortised cost	In Rs lakh				In Rs lakh
		On Demand	Less than 6 months	6 to 12 months	> 1 year	
Interest bearing borrowings (including current maturities)	-	-	-	-	-	-
Non interest bearing borrowings	98.85	98.85	-	-	-	98.85
Other Liabilities	7.37	-	7.37	-	-	7.37
Trade and other payables	27.80	-	27.80	-	-	27.80

As at March 31, 2020

Particulars	In Rs lakh				Total
	Carrying Amount	On Demand	Less than 6 months	6 to 12 months	
Interest bearing borrowings (including current maturities)	-	-	-	-	34.72
Non interest bearing borrowings	208.10	208.10	-	-	332.89
Other Liabilities	4.92	-	4.92	-	6.32
Trade and other payables	23.96	-	23.96	-	33.75

The company has current financial assets which will be realised in ordinary course of business. The Company ensures that it has sufficient cash on demand to meet expected operational expenses.
The company relies on mix of borrowings and operating cash flows to meet its need for funds and ensures that it does not breach any financial covenants stipulated by the lender.

36.7 Capital Management

The primary objective of the Company's capital management is to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholder value. The Company's objective when managing capital is to safeguard their ability to continue as a going concern so that they can continue to provide returns for shareholders and benefits for other stake holders. The Company is focused on keeping strong total equity base to ensure independence, security, as well as high financial flexibility for potential future borrowings.

The gearing ratio is as follows:

Particulars	In Rs lakh		
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2018
Borrowings	98.85	208.10	367.56
Less : Cash and Cash Equivalents	15.70	14.39	23.24
Net Debt(A)	83.15	193.71	344.32
Equity	245.96	191.37	800.00
Equity and Net Debt(B)	329.11	385.08	1,144.32
Gearing Ratio(A/B)	0.25	0.50	0.30

Sail Bansal Service Centre Limited
Explanatory notes to the financial information as at March 31, 2021

37	In the opinion of the Board of Directors, unless otherwise stated, the Current and Non-Current Assets including Loans and Advances have the value at least equal to the amount at which these are stated in the balance sheet, if realised in the ordinary course of the business, and adequate provisions for all known liabilities have been made and are not in excess of the amount reasonably required in this respect.
38	<p>Due to substantial losses incurred by the Company and the prevailing market condition, the Management has taken steps to procure adequate service orders from Steel Authority of India Limited, joint venturer and certain other customers.</p> <p>Taking the above into consideration and considering the Net Worth of the company being positive and possible support from joint venture partners, the management of the company believes that the company has the ability to continue its operations as a going concern in the foreseeable future and accordingly the financial statements for the year ended March 31, 2021 have been prepared on the basis that the Company is a going concern.</p>
39	<p>The outbreak of Covid-19 and consequential lockdowns declared by the Government of India and State Governments, has caused slowing down the economic activities in general and also operations of the Company. The Company's primary source of revenue is from processing and trading of steel. The Company's operations, especially in the initial months of the year, were affected to certain extent however this could be stabilised having no material impact on the overall performance for the year ended March 31, 2021.</p> <p>The Company has taken into account all the possible impact of Covid-19 in preparation of these financial statements, including but not limited to the recoverability of property, plant and equipment, receivables and cash and cash equivalents. The Company has carried out this assessment based on available internal and external sources of information upto the date of approval of these financial statements and no adjustment in carrying amount of assets and liabilities is expected to arise. The Company continues to monitor the impact of pandemic considering the recent surge thereof on overall economic conditions and also impact in future on its business operations, given the uncertain nature of the pandemic and effective steps will be taken on crystallization thereof.</p>
40	Previous year's figures in the Financial Statements have been reclassified/rearranged to conform to current year's classification.
41	These financial statements have been approved by the Board of Directors of the Company on June 29, 2021 for issue to the shareholders for their adoption.

The notes 1 to 41 are an integral part of the financial statements

SAIL BANSAL SERVICE CENTRE LIMITED

Notes to Financial Statements for the year ended March 31, 2021

Note 1

1. Corporate Information

SAIL Bansal Service Centre Limited ('the Company') is a public limited company incorporated in India as a joint venture between Steel Authority of India and BMW Industries Limited. The corporate office as well as registered office of the Company is situated at 119 Park Street, White House, 3rd Floor, Kolkata, West Bengal- 700016. The Company is engaged in the business of processing and trading of steel and all other activities are incidental thereto. Its parent and ultimate holding Company is BMW Industries Limited.

The financial statements for the year ended March 31, 2021 were approved for issue by the Board of Directors of the company on June 29, 2021 and are subject to the adoption by the Shareholders in the ensuing Annual General Meeting.

2. Statement of Compliance and Recent Accounting Pronouncements

A. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act"). The Ind ASs issued, notified and made effective till the financial statements are authorized and have been considered for the purpose of preparation of these financial statements.

The accounting policies are applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

B. Application of new and revised standards

Effective April 01, 2020, there were certain amendments in Indian Accounting Standards (Ind AS) vide Companies (Indian Accounting Standards) Amendment Rules, 2020 notifying amendment to existing Ind AS 1 'Presentation of Financial Statements', Ind AS 8 'Accounting Policies, Changes in Estimates and Errors', Ind AS 10 'Events after the Reporting Period', Ind AS 34 'Interim Financial Reporting', Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets', Ind AS 103 'Business Combinations', Ind AS 107 'Financial Instruments: Disclosures', Ind AS 109 'Financial Instruments', Ind AS 116 'Leases'.

Ind AS 1 has been modified to redefine the term 'Material' and consequential amendments have been made in Ind AS 8, Ind AS 10, Ind AS 34 and Ind AS 37.

Ind AS 103 dealing with 'Business Combination' has defined the term 'Business' to determine whether a transaction or event is a business combination. Amendment to Ind AS 107 and 109 relate to hedging relationship directly affected by Interest Rate Benchmark reforms. The amendment among other things requires an entity to assume that Interest Rate Benchmark on which hedged cash flows are based is not altered as a result of Interest Rate Benchmark reforms.

Ind AS 116 dealing with 'Leases' permitted lessees, as a practical expedient, not to assess whether rent concessions that occur as a direct consequence of COVID-19 pandemic and meet specified conditions are lease modifications and, instead, to account for those rent concessions as if they were not lease modifications.

Revision in these standards did not have any material impact on the profit/loss and earning per share for the year.

(C) Proposed amendments to Indian Accounting Standards (Ind AS)

On June 18, 2021, Ministry of Corporate Affairs ("MCA") has issued Companies (Indian Accounting Standards) Amendment Rules, 2021 notifying amendments to certain existing Ind AS. These amendments have been made effective from the date of publication in the Official Gazette i.e. on 18th June, 2021. Certain such Ind AS which are relevant to companies operations includes IND AS- 101 " First-time Adoption of Indian Accounting Standards ", IND AS-107 "Financial Instruments: Disclosures", IND AS-109 "Financial Instruments", , IND AS-115 "Revenue from Contracts with Customers", IND AS-116 "Leases", IND AS-1 "Presentation of Financial Statements", IND AS-8 "Accounting Policies, Changes in Accounting Estimates and Errors", IND AS-12 "Income Taxes", IND AS-16 "Property, Plant and Equipment", IND AS-34 "Interim Financial Reporting", IND AS-37 "Provisions, Contingent Liabilities and Contingent Assets", and IND AS-38, "Intangible Assets" .

Even though the company will evaluate the impact of the above, none of these amendments as such are vital in nature and as are not likely to have any material impact on the financial statements of the company. There are other amendments in various others Ind AS which have not been listed hereinabove since these are not relevant to the company.

3. Significant accounting policies

A. Basis of Preparation

The Financial Statements have been prepared under the historical cost convention on accrual basis except certain financial instruments that are measured in terms of relevant Ind AS at amortized costs at the end of each reporting period.

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind AS 1 "Presentation of Financial Statements" and in Division II of Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Company, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

The functional currency of the company is determined as the currency of the primary economic environment in which it operates. The Financial Statements are presented in Indian Rupees and values are rounded off to the nearest two decimal thousands except otherwise stated.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of the three levels depending on the ability to observe inputs employed for such measurement:

- (a) Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (b) Level 2: inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- (c) Level 3: inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements who regularly review significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

B. Property Plant and Equipment (PPE)

Property, plant and equipment are stated at cost of acquisition, construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any. For this purpose, cost include deemed cost on the date of transition and comprises purchase price of assets or its construction cost including duties and taxes, inward freight and other expenses

incidental to acquisition or installation and adjustment for exchange differences wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management.

When parts of an item of PPE have different useful life's, they are accounted for as separate items (major components) of the PPE.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss when incurred.

The company's lease assets comprising of Land has been separately shown under PPE as Right of Use (ROU) Assets.

Depreciation and Amortization

Depreciation on PPE is provided as per Schedule II of the Companies Act, 2013 on straight line method. Subsequent additions to the cost of Property, Plant and Equipment are depreciated over the remaining life of mother asset.

Assets costing rupees five thousand or less are being depreciated fully in the year of addition/acquisition.

Depreciation on ROU assets is provided over the lease term or expected useful life of the asset, whichever is lower and depreciation on Property, Plant and Equipment (other than leasehold land) commences when the assets are ready for their intended use. Based on above, the estimated useful lives of assets for the current period are as follows.

Category	Useful life
Buildings	
Factory Building	30 Years
Plant and Equipment	15 Years
Computer equipment	3 Years
Furniture and fixtures, Electrical Installations	10 Years
Office equipment	6 Years
Vehicles	
Motor cycles, scooters and other mopeds	10 Years

Depreciation methods, useful lives and residual values are reviewed and adjusted as appropriate, at each reporting date.

C. Capital Work in Progress

Capital work in progress includes purchase price and any other directly attributable cost of bringing the assets to their working condition. Such items are classified to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Amount paid towards acquisition of Property, Plant and Equipment outstanding as at each reporting date are recognized as capital advance under "Other Non-Current Assets"

D. Intangible Assets

Intangible assets are stated at cost of acquisition comprising of purchase price inclusive of duties and taxes less accumulated amount of amortization and impairment losses. An intangible asset is recognised if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and its cost can be measured reliably. Such assets are amortised fully (without taking any residual value) over the useful life using straight line method and assessed for impairment whenever there is an indication of the same.

Depreciation methods, useful lives and residual values are reviewed and adjusted as appropriate, at each reporting date.

E. Derecognition of Tangible and Intangible assets

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from its Continued use. Gain or loss arising on the disposal or retirement of an item of PPE and intangible asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

F. Leases

The Company's lease asset classes primarily consist of Land taken on lease. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset..

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU Assets") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. Lease liability obligation is presented separately under the head "Other Financial Liabilities" whereas Right of Use Assets has been presented separately as a part of Property, Plant and Equipment.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

G. Impairment of Tangible and Intangible Assets

Tangible and Intangible assets and ROU Assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost to disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period, the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

H. Financial instrument - Financial assets and financial liabilities

Financial assets and financial liabilities (financial instruments) are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities

(other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

The financial assets and financial liabilities are classified as current if they are expected to be realised or settled within the operating cycle of the company or otherwise these are classified as non-current.

The classification of financial instruments whether to be measured at Amortized Cost, at Fair Value Through Profit and Loss (FVTPL) or at Fair Value Through Other Comprehensive Income (FVTOCI) depends on the objective and contractual terms to which they relate. Classification of financial instruments are determined on initial recognition;

I. Cash and cash equivalents

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

II. Financial Assets and Financial Liabilities measured at amortised cost

Financial Assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The above Financial Assets and Financial Liabilities subsequent to initial recognition are measured at amortized cost using Effective Interest Rate (EIR) method, if any is recognised in the statement of Profit and Loss.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

III. Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal

amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognised directly in other comprehensive income.

For the purpose of para (ii) and (iii) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

IV. **Financial Assets or Financial Liabilities at Fair value through profit or loss (FVTPL)**

Financial Instruments which does not meet the criteria of amortised cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

V. **Impairment of financial assets**

The Company evaluates whether there is any objective evidence that financial assets measured at amortised costs including trade and other receivables are impaired and determines the amount of impairment allowance as a result of the inability of the parties to make required payments. The Company bases the estimates on the ageing of the receivables, credit-worthiness of the receivables and historical write-off experience and variation in the credit risk on year to year basis.

Lifetime expected credit losses are the Expected Credit Losses (ECL) that result from all possible default events over the expected life of a financial instrument. The company measures the loss allowance for a financial assets at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL.

In case of trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses where maximum contractual period is considered over which the Company is exposed to credit risks.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience and informed credit assessment and including forward-looking information.

Loss allowances for financial assets measured at amortised costs are deducted from the gross carrying amount of the assets.

VI. **Derecognition of financial instruments**

The Company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable are recognized in the statement of profit and loss.

On derecognition of assets measured at FVTOCI, the cumulative gain or loss previously recognised in other comprehensive income is reclassified , to retained earnings.

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

I. Inventories

Inventories are valued at lower of cost or Estimated net realisable value.

Cost of stores and spares includes expenses incidental to procurement of the same and taxes other than those recoverable from taxing authorities. The cost in this respect is determined on First in First out Basis. Cost in respect of stores and spares determined on average basis. Scrap generated is valued at net realizable value.

Stock of Work in Progress represents conversion cost incurred in respect of materials converted and not lifted by the customers till the year end.

J. Equity Share Capital

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

K. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which

will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent assets are not recognised but disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

L. Employee Benefits

Employee benefits are accrued in the year in which services are rendered by the employees. Short term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the related service is rendered.

Contribution to defined contribution schemes such as Provident Fund, Employee Pension Scheme, etc. is being made in accordance with statute and are recognized as and when incurred.

Employees benefits using defined benefit plans are recognised using actuarial valuation techniques at the close of each year. Remeasurements comprising of actuarial gains and losses, are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income ("OCI") in the period in which they occur. Remeasurements are not reclassified to Profit or Loss in subsequent periods. The Liability recognised in the Balance Sheet in respect of gratuity is the present value of the defined benefit obligation as at the balance sheet date. The defined benefit obligation is calculated by external actuaries using the projected Unit credit method.

Leave encashment is not allowed to the employees.

M. Revenue Recognition

Revenue from Operations

Revenue is measured based on the considerations specified in a contract with a customer and excludes amounts collected on behalf of third parties. The revenue from sales is recognised when control over a product or service has been transferred and /or products/services are delivered/provided to the customers. The delivery occurs when the product has been shipped or delivered to the specific location as the case may be and the customer has either accepted the products in accordance with contract or the company has sufficient evidence that all the criteria for acceptance has been satisfied. Returns, discounts and rebates collected, if any, are deducted there from sales.

Other Income

Interest, Dividend and Claims:

Dividend income is recognized when the right to receive payment is established which is generally when shareholder approve the dividend. Interest income is accrued on time basis

by reference to the principal outstanding and has been accounted using effective interest rate method. Insurance / other claim are accounted as and when admitted / settled..

N. Borrowing Costs

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the Statement of Profit and Loss using the effective interest method except to the extent attributable to qualifying Property Plant Equipment (PPE) which are capitalized to the cost of the related assets. A qualifying PPE is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

O. Taxes on Income

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current tax

Current income tax is provided on the taxable income and recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Advance tax and provisions are presented in the balance sheet after setting off advance tax paid and income tax provision for the current year.

Deferred Tax

Deferred tax is accounted by using the balance sheet liability method in respect of temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit as well as for unused tax losses or credits. In principle deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred Tax Asset & Liabilities have been offset wherever the company has a legally enforceable right to set off current tax assets against current tax liabilities & where deferred tax assets & liabilities relate to income tax levied by the same taxation authority.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets include Minimum Alternative Tax (MAT) measured in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability and such benefit can be measured reliably and it is probable that the future economic benefit associated with same will be realized.

P. Earnings Per Share

Basic earnings per share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the net profit for the year attributable to the equity shareholders and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

Q. Segment Reporting

Operating segments are identified and reported taking into account the different risk and return, organisation structure and internal reporting system.

4. Critical accounting judgments, assumptions and key sources of estimation and uncertainty

The preparation of the financial statements in conformity with the measurement principle of Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates and the underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognised prospectively. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

The Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the financial statements have been disclosed below. The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

A. Arrangements containing leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease

term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

B. Depreciation / amortization of and impairment loss on property, plant and equipment / intangible assets.

Property, plant and equipment, ROU Assets are depreciated and intangible assets are amortized on straight-line basis over the estimated useful lives (or lease term if shorter) in accordance with Internal assessment and Independent evaluation carried out by technical expert/ Schedule II of the Companies Act, 2013 taking into account the estimated residual value, wherever applicable.

The company reviews its carrying value of its Tangible and Intangible Assets whenever there is objective evidence that the assets are impaired. In such situation asset's recoverable amount is estimated which is higher of asset's or cash generating units' (CGU) fair value less cost of disposal and its value in use. In assessing value in use the estimated future cash flows are discounted using pre-tax discount rate which reflect the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted.

C. Impairment loss on trade receivables

The Company evaluates whether there is any objective evidence that trade receivables are impaired and determines the amount of impairment loss as a result of the inability of the debtors to make required payments. The Company bases the estimates on the ageing of the trade receivables balance, credit-worthiness of the trade receivables and historical write-off experience. If the financial conditions of the trade receivable were to deteriorate, actual write-offs would be higher than estimated.

D. Current Tax and Deferred Tax

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes

Significant management judgement is required to determine the amount of deferred tax assets/liability that can be recognised, based upon the likely timing and the level of future taxable profit together with future tax planning strategies. The management has reviewed the rationale for recognition of Deferred Tax Liability and based on the likely timing and level of profitability in future and expected utilisation of deferred tax there against

E. Fair Value Measurements

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques which involve various judgements and assumptions. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in the assumptions about these factors could affect the reported fair value of financial instruments.

F. Defined benefit obligation (referred to as "DBO")

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.
